October Community Testing Update

We would like to thank all community members and Pueblo of Jemez employees for your continued support in abiding by the Pueblo of Jemez orders. With the continued support, it allows this community to be reassured that we are all working together to be minimally affected by the COVID-19 virus.

The October community testing had a total of 886 tests completed for the COVID-19 virus from Tuesday, October 20th through Thursday, October 22nd. Below is a summary of the results from the community testing:

Date	Number of People Tested	Negative	Positive
Tuesday, October 20th	279	278	1
Wednesday, October 21st	321	321	0
Thursday, October 22nd	295	295	0

Additional day of COVID-19 testing:

Due to a large number of requests from community members and employees, we will have an additional day of testing on **Thursday, November 5th from 9:00AM - 5:00PM**. We are prioritizing the November 5th testing for community members and employees who were NOT tested during the October community-wide testing.

For any questions or concerns regarding coronavirus, please email JHHSresponseteam@jemezueblo.us or call 575-834-3308.
